

Bay Creek Bulletin

Sue Ellingson Resigns

As of March 20, Sue submitted her resignation as Alder for District 13 to Mayor Soglin. She cited pressing family matters that require her to be away from Madison for long periods. In her own words, "I simply don't have the time to adequately represent my district.....This has been one of the best experiences of my life. I regret that I'm no longer able to serve."

The City Council is taking applications for a replacement alder. In the interim, contact the Mayor's office at 266-4611 or the Council office at 266-4071 for matters in which you would have contacted Sue.

Thank you, Sue, for your service. We wish you all the best!

News from Olin-Turville by Andria Blattner

It's spring!! The cardinals are singing again. I've seen robins, red wing blackbirds, turkey vultures and of course Canadian geese in our neighborhood. Sandhill cranes are in the corn fields across from the Capital Springs Recreation Area. But I haven't seen a chipmunk yet, so those little guys must still be hibernating; vole traces are everywhere, they are the little paths in the lawns made when the grass was nibbled under the snow.

April and May will be very busy months as the plants break their dormancy and start growing and the breeding birds return. Skunk cabbage and bloodroot will be the first to show up but the other spring ephemerals will be close behind.

In April there will be two Saturday Walks in Turville Point Conservation Park. Our family Bird & Nature Walk will be on April 12 from 10 to 11:30. On April 16 at 6:30 pm Russ Hefty will lead a walk to see his restoration efforts. We should see a great profusion of wildflowers in the areas that have been burned recently.

On Sat., May 10 we have the second Bird City Celebration and it will be in our neighborhood. The focus is on nature recreation, restoration, and education in our parks and neighborhoods. This is sponsored by Bird City Wisconsin and The Parks Department. We are still in the planning stages but we hope the Olin Pavilion will be the center of activities. Keynote speakers so far include Chuck Henrikson, David Drake, and Simon Widstrand. There will be activities, talks, art displays, tables for all sorts of neighborhood groups, with many activities for kids. Scopes will be set up along the bike path from Turville to the Zoo. If you are involved with a group interested in any aspect of birds or birding or have any fun, family-friendly indoor and outdoor displays, nature recreation, hands on demos and education we will provide a booth for your group. If you would like help developing a bird oriented project contact me at ablattner22@charter.net. As part of this celebration FOOT will be having our monthly Bird & Nature Walk at 10 am and a Scavenger Hunt geared towards children at 2 pm both in Turville.

On a worrisome note, we have new invasives: Emerald Ash Borer has been found in Madison and an invasive worm has been found in the Arboretum. It is a super active red wiggler type worm called *Amyntas agrestis*, "crazy worm".

Bay Creek Billboard

Sat Apr 12 and May 10, 10:00 am – Noon Shoreline
clean-up with Friends of Monona Bay. Meet at Brittingham Park Beach House (corner of Proudfit & W. Brittingham Place). Garbage bags and tools provided, please bring your own gloves & dress accordingly. Contact Nina for more info. Email: ninaj@wisc.edu, phone: 258-1788 or 698-9708.

Sat Apr 12 and May 10 10:00-11:30 Bird & Nature Walk
at Turville Park. Meet at lower parking lot at end of Olin Ave. Please see article above for info on Bird City celebration on May 10.

Mon March 10 6:30 pm BCNA Bi-Monthly meeting
BCNA meeting at the Bahai Center, 324 W. Lakeside St. Voluntary annual dues of \$10 per household can be paid at any neighborhood meeting or sent to Sara Richards 710 Spruce St 53715. Please make checks payable to BCNA.

Sun May 16 6:30 pm Spring Wildflower Walk at Turville
Park. Meet at lower parking lot at end of Olin Ave.

First Wednesday of each month, Friends of Monona
Bay 124 S. Brooks St., Rm 1, 6:30 pm.

Tuesday in May 6:00-8:00 pm Free concerts at Olin
Please see page 6 for more info.

BCNA Meeting Summary– March 10, 2014

By Carol Medaris

The bi-monthly meeting was called to order by Bob Stoffs at 6:30, and began with brief introductions by those present.

COUNTY EXECUTIVE Joe Parisi said he wished to update the neighborhood on county efforts in two main areas: improvement of lake quality and addressing racial disparities. The county is directing attention toward slowing weed and algae growth by reducing the nutrients reaching the lakes – especially phosphorous. In addition to new rules to reduce phosphorous coming from urban entities, for example those governing the Madison Metropolitan Sewerage District, two manure digesters aim to reduce phosphorous from agricultural sources by 60%, with the secondary goal of generating electricity. Many farmers are involved with the Waunakee digester which is thus far exceeding its phosphorous reduction goal. The county helps farmers with buffer strips and detention ponds to settle out the phosphorous before it gets to the lakes. The county is helping develop a second digester in the Springfield area. In response to questions about leaks in the Waunakee digester, Mr. Parisi emphasized his concern and steps the county was taking both to correct and replace weaknesses in the pipes, and to address these issues with the second digester. He emphasized that the amount of phosphorous leaking was a very small percentage of the total being contained. In response to a suggestion that polluters be charged, the county executive said that was already happening.

Regarding racial disparities, Mr. Parisi focused on employment and said the county was involved both through direct county programs as well as getting people together, for example representatives of trades, construction industries, companies, and instructors and schools. The county is bringing in “Project Big Step” which already operates in Milwaukee County. It involves meetings with contractors to determine workers needed, with unions to determine worker availability, and with other service agencies like the Urban League and Nehemiah. It was noted that the county executive’s offer to come to our neighborhood meeting was a first, as far as anyone present could remember!

SPEEDING ON LAKESIDE STREET Carrie Rothburd described efforts she is making to slow cars on her street that greatly exceed speed limits. She often cannot safely exit her driveway, especially if cars line the street as is often the case in that last block before Park Street. After discussion by others who described long-term efforts to slow traffic, it was suggested that Carrie write an article for the newsletter and help form a committee to address the issue at more length.

BYLAWS REVISION The committee presented its suggested changes to the BCNA bylaws, in writing, and as posted on our website. We discussed the changes briefly and agreed to continue the discussion at our next meeting. (Please see page 8 for the proposed changes)

ELECTION OF OFFICERS, AREA REPS, AND COMMITTEE CHAIRS In discussing those currently serving, Carol Medaris said that she was willing to continue to take minutes but she did not wish to assume the corresponding and other recordkeeping duties as currently set forth in the bylaws. In the absence of any volunteers for the job, the discussion of job-sharing, cutting the job in two, or otherwise changing the job’s duties was deferred to next meeting’s bylaws discussion. With that understanding, it was moved and seconded that all those currently serving be continued in their same jobs. The motion carried. *Editor’s note: It was later determined that one of our area reps has moved out of Bay Creek and can no longer serve in that capacity.*

TREASURER’S REPORT Judy Robinson reported that most advertisers are paying in a timely fashion. Partial payment from the one past due advertiser was received. We received reimbursement from the City for the balance of the grant money on the sign portion of the project. The remainder will be held by the City until the edible landscaping is completed.

CELEBRATE SOUTH MADISON This event will be held on August 23rd at the Labor Temple.

NEWSLETTER DEADLINE is March 22nd for the April/May Bay Creek Bulletin.

WEBSITE Ron Shutvet raised a problem he has had getting a response on an issue that appeared on our website dealing with a traffic survey. In discussion, it was decided that this was not really under the responsibility of the web committee; others present at the meeting will help Ron contact the people who initiated the survey.

EDIBLE LANDSCAPING A meeting is scheduled for March 18th at 6:30 at Barriques.

Article continued on next page

March Meeting Summary continued from page 2

GUN RESOLUTION The consensus was that a decision is needed about the resolution, including not only the wording but appropriateness for the BCNA to take a position on the issue, or else it should come off our continuing agenda. Jim Winkle will contact Dan Kennelly, as the originator of the resolution, about deciding on this at our next meeting.

FRIENDS OF OLIN-TURVILLE (FOOT) The Nature and Bird Walks continue the second Saturday of every month, from 10:00 to 11:30, meeting in the lower parking lot at the end of Olin Ave. In addition, there will be a Bird City celebration on the bike path between the zoo and Turville Park on May 10th. Finally, there will be a concert series Tuesdays in May at the Olin Park Barn.

Kirk Elliott agreed to be the facilitator at our May 12 meeting. The meeting adjourned shortly after 7:45.

Wingra Creek Restoration Meeting by Ron Shutvet

At a public meeting on March 17, the City of Madison Engineering Department showed revised plans to deepen and narrow the section of Wingra Creek from the stone railroad bridge to Olin Avenue. Littoral shelves created in the creek channel will support native wetland plants and help create slight meanders in the creek channel. The dog park water access will be moved slightly to the east of its current location and stone steps will allow dogs to access the water without causing stream bank erosion. A canoe launch will be installed on the north side of the creek near the ped/bike bridge. As many of the larger trees near the creek as possible will be saved; however, most of the smaller and invasive shrubs and trees will need to be removed so construction equipment can access the creek for dredging and stream bank stabilization.

Work is expected to begin in fall 2014. The stone rapids weir studied previously will not be part of this phase due to funding limitations. However, the weir concept is still being studied and may become a component of future plans to restore the remainder of Wingra Creek from Olin Avenue to Lake Monona.

City Engineering's website has more information about the restoration of Wingra Creek: <http://www.cityofmadison.com/engineering/stormwater/WingraCreek.cfm>

Or <http://www.cityofmadison.com/engineering/stormwater/documents/Summary.pdf>

Brittingham Boats/Rhythm & Booms Meeting by Judy Robinson

At a meeting on March 11 Bay Creek residents heard about a proposal by Brittingham Boats (BB) to rent pontoon boats and how the change of venue for Rhythm and Booms would affect the neighborhood.

The proposal to rent pontoon boats was generally well received. BB owner Tyler Leeper would have 3-4 pontoon boats. No alcohol would be allowed on the boats which would launch from Lake Monona's Sailing Club pier in Olin Park. Renters would apply and pay for the boats at the BB location on North Shore Drive and then be shuttled to the pier. Renters need to demonstrate proficiency in operating the boat. The proposal is for one year and will be on a provisional basis to determine how much interest there is and to identify any issues or problems. Mr. Leeper noted that if the first season is successful he may expand the number of pontoon boats to 9-10. He is only interested in pontoon boats and has no plans or interest in providing additional motorized water craft such as jet skis. If you have questions or concern, please contact Mr. Leeper at brittinghamboats@gmail.com or (608) 250-2555.

Area residents from Bay Creek and the Monona Bay neighborhoods had many questions about the City's plan for Rhythm and Booms by Monona Terrace. Madison Festivals Inc. (MFI) is the organizer and anticipates turnout of 100,000. Primary concerns were traffic, parking, noise and litter. Parking and shuttle service for approximately 8000 cars is planned at the Alliant Center with about 5000 additional parking spaces in downtown ramps. A secured bike lot will be available. Many residents are concerned about additional traffic as people drive through the area to and from the event. There were also questions regarding residents offering parking in their yards and hosting gatherings that would require guests to park in the area. Noise concerns from the crowd, bands playing at the event, and the fireworks display were also noted. The event will begin at 2 p.m.; the music stage will be at John Nolen and North Shore Dr. Fireworks will be at 9:30. Music will be played until 11 p.m. to encourage people to stay so they exit the area in phases. There will be a strict no carry in policy. Residents encouraged the City to place as many trash and recycling containers in the area as possible. It was also asked if the City could schedule a street sweeping clean up of the area after the event. For more information see www.rhythmandbooms.com. The Wisconsin State Journal will have a pullout section in the prior weekend's edition.

PET LOSS PREVENTION AND RECOVERY from Dane County Humane Society

We never expect our beloved pets to be lost or stolen but accidents do happen. The two biggest reasons for pet loss are children and workmen inadvertently letting them out of the house or yard. **One in three pets will become lost and 90 percent of lost pets without proper identification never make it home again.**

Many more pets could be reunited with their owners if they were microchipped and/or tagged. The combination of tag and microchip provides visual ID and implanted ID.

DCHS will host a steeply discounted tag (\$5) and microchip (\$15) event April 21-22 and 24-27 at the shelter for dogs and cats. Microchipping can also be done at the shelter on a walk-in basis during normal hours of operation or by appointment with your veterinarian.

It's understandable, especially in tough economic times, that some owners can no longer afford to care for their pets. **NEVER** release your pet into the wild. This will likely result in a slow, stressful and painful death of your animal. Please surrender it to DCCHS so someone else can provide it a safe home.

If you find a stray or injured animal, bring it to the shelter at 5132 Voges Road or call Animal Services (608-255-2345). After hours take the animal to Madison Veterinary Specialists at 229 W. Beltline Hwy (phone: 608-274-7772).

Visit the DCCHS website (giveshelter.org) for more information or call 608-838-0413.

Community Dog Day

Dane County Humane Society, in collaboration with ASPCA and the Boys & Girls Club of Dane County, is hosting a Community Dog Day event on Sunday, May 18, from noon to 4 at the Boys and Girls Club of Dane County, 2001 Taft Street. Bring your dogs to receive FREE rabies and distemper vaccines, FREE microchips and I.D. tags, and FREE dog food and supplies while supplies last. Learn tips for caring for your dog – and more! For more information, please contact Dane County Humane Society at (608) 838-0413 or Michelle Livanos at mlivanos@giveshelter.org.

NEIGHBORHOOD NOTES

Wingra Creek Clean Up

Friends of Lake Wingra will sponsor the Wingra Creek Clean Up on June 7 this year. We need volunteers from Bay Creek to help with the effort. Details are not available yet so please check baycreekmadison.org for information on how to get involved.

Race For The Cure

Mark your calendars!! This year's Race For the Cure will take place on May 31. Start times, a map of the route and other info is available at www.komensouthcentralwi.org.

Rummage Sale May 3rd

Trinity United Methodist Church, 1123 Vilas Avenue, will hold a freewill offering rummage sale on Saturday, May 3rd from 9 to 4. You set the price on household items, clothing, toys, books, tools, jewelry and small furniture pieces. There will be bake sale items, coffee, pizza and soda pop also available for a donation. Antique and high-end items will be specially marked in a separate section of the sale, Grandma's Attic. For more information call the church at 257-4591.

Celebrate The End Of The School Year

Would you and your kids be interested in celebrating the end of the school year with kickball followed by crafts and games? If there are enough families who want to join us, the BCNA will organize an event on Saturday, June 14 sometime between 1:00 and 4:00. Please contact Judy Robinson at treasurer@merr.com or (608) 469-1218 if you and your family would participate.

NEIGHBORHOOD NOTES

PreOrder Compost Bin and Rain Barrel from City

Spring is finally here and so is the annual City of Madison Compost Bin And Rain Barrel Sale on Saturday, May 3rd at the Alliant Energy Center parking lot.

Rain barrels with downspout diverters as well as a sleeker designed compost bin are available in three different colors. Standard rain barrels can hold 50 gallons and the larger systems can hold 200 gallons per downspout. Compost bins will be sold for \$79.99 (normally \$129.99) and standard rain barrels are \$119.99 with a diverter. Area residents pre-ordering before by April 23rd save an additional \$10. For larger systems and homeowners with less time, installation services are available. For more information or to pre-order see www.rainreserve.com/madison

May Concerts at Olin Park

Friends of Olin-Turville (FOOT) will be hosting a series of concerts on each Tuesday in May. All the concerts will be FREE, and held from 6 to 8 PM in the Olin Pavilion. These are the bands that will be performing:

May 6th - Peter and Lou Berryman

May 13th - The Whiskey Farm

May 20th - Cris Plata and Extra Hot

May 27th - Mark Croft Trio

St. Mark's Food Pantry

During difficult economic times, food pantries can stretch the family budget. St. Mark's Lutheran Church, ELCA at 605 Spruce Street has food pantry hours twice a week: Tuesdays 10 to noon and Thursdays from 5:45 to 7:45 PM. Guests need only to show an ID, verifying residence in Dane County to receive food. St. Mark's is in need of one more Tuesday morning volunteer. Please call the church office, (608)256-8743 with questions.

Edible Landscaping at Sign

The edible landscaping committee has decided to limit the planting to trees and shrubs. We plan to plant apple, cherry, pear, peach, almond and pecan trees as well as sea berry bushes to help restore nitrogen to the soil.

There are also two non-edible plantings planned. The study of how natural events are timed in the biological world is called phenology. There are plans to plant a specific type of lilac that the USA National Phenology Network is encouraging people to study. The other planting would be butterfly weed and little blue stem. These are native, short, and attractive to Monarch butterflies and people. We are working with the City on the specifics and will announce a work day on the Bay Creek calendar some time in late April or early May. If you would be interested in helping, please contact Judy Robinson at (608) 469-1218 or treasurer@merr.com.

Art Show at Lakeside St Coffee House

Several Bay Creek artists are planning a group showing at Lakeside St Coffee House. The exhibit will open on May 9 and will be available for viewing for approximately 6 weeks. There will be a reception to celebrate the opening of the event. This event is still in the planning stages, more details will be posted on the Bay Creek calendar as info becomes available. If you don't have internet access, please call Judy Robinson at (608) 469-1218.

New store coming to Park St.

The new location for Burnie's Rock Shop in the space formerly occupied by Chiripa will be called Burnie's on Park. The store is scheduled to open in early to mid May and will feature jewelry and earth based home decor.

Senior Notes from South Madison Coalition of the Elderly

The South Madison Coalition of the Elderly invites you to come to Romnes Apartments, 540 W. Olin Avenue for lunch at 11:30 am. Mondays-Fridays. If you are age 60 or older, the suggested donation is \$4 per meal. Other persons who attend the meals are asked to pay \$7.50.

Meal reservations and cancelations are needed 24 hours in advance. Call the coalition office at 251-8405 to sign up or for more information. Transportation from your home is available for \$1 round trip. Rides must be reserved separately by calling Transit Solutions, 294-8747, at least 24 hours in advance. Special meals this month are:

Breakfast At Lunch on Wednesday, April 16, with ham and cheese omelet bake, sausage links and hash brown patty and cinnamon roll. Take home recipes for simple anytime breakfasts.

Pre-Easter Celebration on Friday, April 18, includes a fish sandwich and Easter Cookies. We will add spring décor and an adult-style Easter egg hunt with door prizes and treats.

“Good Time Music Review” Wednesday, April 30, lunch will include your choice of a spinach dinner salad, or turkey with gravy, baked potato and mixed veggies. Afterwards, sit back for an hour of folk, blues, and country tunes performed by Michael Gruber on guitar and vocals.

Proposed Changes to Bay Creek Neighborhood Association Bylaws

Ron Shutvet and Linda Baumann have been reviewing the bylaws to determine if any changes are needed. The BCNA bylaws were last reviewed in 2006. The proposed changes are listed below with the reason for the change. When changes have been finalized, they will be printed in the newsletter for review. The changes will need to be voted on before they go into effect; we will publish the date of the meeting when that vote will take place. To see the full bylaws, please go to baycreekmadison.org and click on the Publications link at the bottom of the page. If you do not have Internet access, please call Judy Robinson at (608) 469-1218 for a printed copy.

Article I. Purpose

Section 3. No member or officer may receive compensation for his or her services as a member or officer of the association. *However, nothing herein contained shall be construed to preclude any member or officer from serving the association in any other capacity, or receiving reasonable compensation therefor.* Italicized text would be deleted because meaning is not clear.

Article II. Membership

Section 1. Membership in the association is open to all persons age 18 and over who reside in the City of Madison in Census District 13, the area bounded by Monona Bay and Lake, Wingra Creek and Delaplaine Court. Would change Delaplaine Court to Haywood Dr. to document previously approved change in boundaries.

Section 3. Membership is initiated by *signing a list at* a general membership meeting, or by indicating an interest in joining the association in writing to a member of the Neighborhood Council. Italicized text would be deleted and replaced with ‘attending’ because all Bay Creek residents are BCNA members and they do not need to sign an attendance list but can just attend a meeting

Article III. Meetings

1.2 Notice of all meetings of the general membership or the Neighborhood Council shall be announced in the Bay Creek Bulletin and *on the neighborhood website prior* to the meeting, except that if necessary, an emergency meeting of the general membership or the Neighborhood Council may be held without advance notice. Italicized text would be added to reflect the fact that meetings are announced on the website.

1.2.1 *The proposed agenda of meetings of the general membership shall be posted on the association website at least two days prior to the meeting. Items may be added to the agenda at a meeting for discussion only.* This would be an addition to the current bylaws. Rationale is that posting the agenda would better inform Bay Creek residents of the agenda for general meetings so that they can decide to attend.

1.3 At any meeting of the general membership or the neighborhood council, a quorum consists of a simple majority of Neighborhood Council members being present. *(see Article V, Section 1). If there is no quorum, the meeting may continue with discussion but no votes can be taken.* Italicized text would be added to clarify what can be done without a quorum.

Article V. Neighborhood Council

1.6 **Commitment to listening and responding to membership concerns in a timely manner.** Another addition to indicate an added ‘duty’ of a council member to be responsive to members.

2.3 Secretary, who handles correspondence as appropriate and maintains correspondence files, records of all general membership and neighborhood council meetings and a record of area and association activities. Secretary’s duties will be reviewed to determine if duties should be divided among different council members or if job should be divided into two positions.

Section 3. An officer may be removed at any time by a 2/3rds vote of the full Neighborhood Council or a majority *vote* of the association membership. Added the word ‘vote’ for clarification.

Bylaw changes continued

Article VI. Committees

Would delete Neighborhood Image, Planning and Economic Development, Traffic and Environmental and Recreational Development committees as they are inactive and not listed in the newsletter as standing committees. Committees could be reinstated on an ad hoc basis if needed.

2.3 Web Committee. Updates content, edits and maintains the association website. Would add Web Committee description.

Section 4. A member of any committee who has missed three meetings without a reasonable excuse, as determined by the committee, shall no longer be considered an active member of the committee. This section would be removed because it is not enforced and is counter to facilitating participation in the association.

Section 4. Chairs of all standing and ad hoc committees shall be responsible for posting notice of future meetings of the committee. The minimum meeting notice requirement would be to post the meeting notice on the association website and on the association listserv at least two days before the meeting. When possible, notice should also be given in the association newsletter. To enable members to join committees, contact information for all committee chairs shall be listed in the Bulletin and on the association website. This would be added to require a minimum 2 day prior notice to members for any association committee meetings so that members can choose to attend. Reason for contact information for committee chairs is that it can facilitate members' participation.

Article VII. Procedures

1.2 A meeting attendance register shall be placed near the meeting room entrance available for Bay Creek residents and guests to sign to create a list of people who attend the meeting. This would be added in order to create a record of who attended the meeting and their e-mail if further follow up is needed

Section 3. If a meeting must be adjourned before all agenda items can be addressed, items are carried over to the next meeting for discussion. Added to ensure that all business on the agenda is addressed.

Section 4. Any association agenda item that requires funding of \$1,000.00 or more must be voted on at a general meeting and be noticed in the Bulletin and the association website at least 1 week prior to the meeting. Added to provide fiscal guidelines for spending large sums that should be endorsed by members.

Article VIII. Finance

Section 2. The Neighborhood Council shall ratify any expenditure of greater than \$100.00. A special exemption is allowed for ordinary expenditures related to the operation of the neighborhood newsletter. The ratification must be recorded in the association financial records. Added to provide additional fiscal guidelines.

Section 3. A written financial record shall be presented by the Treasurer and approved by the council at a general meeting of the association at least yearly. Added to clarify frequency of a written financial report.

Section 4. The association written financial records shall be made available for inspection by any member of the association who makes a written request to the Treasurer to view the records. Added to make clear the open records of the association and the right for members to obtain this information.

Bay Creek Bulletin information The Bay Creek Bulletin is published every other month by the Bay Creek Neighborhood Association (BCNA) and is a news and information service for the neighborhood. The Bulletin welcomes comments and submission of articles, photographs, drawings, poetry, announcements and other information.

Spring is slowly arriving and there will be lots of things to do in Bay Creek. this year as the weather warms up

On the 2nd Saturday of each month you can join Friends of Olin Turville for a guided nature walk or help Friends of Monona Bay with their monthly shoreline clean up. See Billboard on Page 1 for more info.

Find new treasures at the Trinity Lutheran Church Rummage sale on May 3. See page 4 for info.

Starting May 9, check out the art show at Lakeside St Coffee House and see what our neighborhood artists have been working on over the winter.

Catch a free concert at the pavilion in Olin Park on any Tues night in May, more info is on page 5.

Cheer on the Race For The Cure contestants on May 31. Start times, a map of the route and other information is available at www.komensouthcentralwi.org.

Join neighborhood families for an end of the school year celebration on June 14. See Page 4 for more info.

Info on these and other neighborhood events is available on baycreekmadion.org
